EXT. FORD

COLE backs away, as RAILLY scrambles out of the trunk, swinging.

He slips, falls, and she starts kicking him as she rants hysterically.

RAILLY
I could have died in there. If something had happened to you I would have died.

COLE is lying on the ground, looking up, his lip caked with blood.

RAILLY
What have you done? Did you...kill someone?

COLE
(getting to his feet)
No! I...don't think so. I stole a car and they chased me. I hit a tree.

RAILLY
See -- you can drive after all!

COLE
Yeah, sort of, I guess. I...I'm sorry. I locked you up. I thought...I thought...I think maybe I am crazy!

She looks at him. Breakthrough? Very calm now, the doctor.

RAILLY
What made you think that?

COLE
Jeffrey Mason said it was my idea about the virus. And suddenly, I wasn't sure. We talked when I was in the institution, and it was all...fuzzy. The drugs and stuff.

(horrified)
You think maybe I'm the one who wiped out the human race? It was my idea?

RAILLY
Nobody is going to wipe out the human race. Not you or Jeffrey or anybody else. You've created something in your mind, James -- a substitute reality. In order to avoid something you don't want to face.
COLE
I'm..."mentally divergent". I would love to believe that.

RAILLY
It can be dealt with, but only if you want to. I can help you.

COLE reacts to the sound of VOICES in the woods, dogs BARKING.

COLE
I need help all right. They're coming after me.

RAILLY
First, it's important that you surrender to them instead of them catching you running. Okay?

COLE
(brightening)
It would be great if I'm crazy. If I'm wrong about everything...the world will be okay. I'll never have to live underground.

RAILLY
Give me the gun.

COLE
The gun! ... I lost it

RAILLY
You're sure?

COLE
(showing her)
No gun!
(looking up)
Stars! Air! I can live here. Breathe!

RAILLY starts around to the front of the car.

RAILLY
I'm going to attract their attention, let them know where we are, okay?

RAILLY gets in the driver's seat...and starts to HONK the horn.

RAILLY
(calling out)
They'll tell you to put your hands on top of your head. Do what they tell you. You're going to get better, James -- I know it!

ANGLE ON COLE, spotting something on the ground. An insect! He reaches down to grab it, but, instead, grins, grabs some grass,
stands, and starts rubbing it happily all over his face. The HORN BLARES as COLE looks up at the sky.

ANGLE ON THE NIGHT SKY, the moon full, the sky rich with stars.

ANGLE ON COLE, tears of joy running down his face.

    COLE
    I love this world!

ANGLE ON RAILLY, in the driver's seat, hearing near-by SHOUTS from the woods. The police are almost here. She gets out of the car, starts around toward COLE.

    RAILLY
    Remember, I'm going to help you. I'll stay with you. I won't let them...

She breaks off mid-sentence...stares, stunned!

COLE is gone. Disappeared.
